P.O. Box 1922
Sequim, WA 98382

Dear Mr. Forshaw:

Thank you for getting back to me. I'm enclosing a copy of water right permit #G2-28622 issued to you with a priority date of September 8, 1992.

In the last contact we had with you on this, the water right permit was at the Proof of Appropriation phase which means we were trying to determine the amount of water used prior to issuing a Certificate of Water Right. A water right certificate can only be issued based on full beneficial use of the water as allowed in the permit. For your project to be at this stage, the well and supply system would need to be fully built and providing water to 8 homes.

If you have completed the project and put the water to full beneficial use:

- Please complete and submit the enclosed *Proof of Appropriation* form. Remember to have the form notarized. Include the parcel number for the point of withdrawal/diversion in the request. Please send the completed Proof of Appropriation form to:

Department of Ecology
P.O. Box 47775
Olympia, WA, 98504

If you have not fully developed your project, then you will need to request an extension of time to complete it. Your request must be in writing and include the following information:

- A description of the efforts you have made to put the water to full use and what remains to be done.
- A schedule for fully developing the project.
- Reasons why the project has not been fully developed.
- Any additional information that will assist us in evaluating your request for an extension.
- A fee of \$50.00.

I'm enclosing a publication titled, "*Frequently Asked Questions about Extensions for Water Right Permits and Change Authorization*" with instructions on requesting the extension. Please mail your request together with your check or money order to:

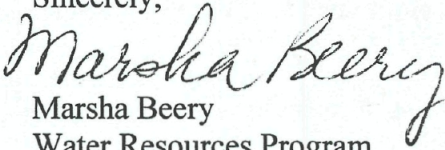

Department of Ecology
Cashiering Section
PO Box 47611
Olympia, WA 98504-7611

It is important that you respond **within 30 days from the date of this letter** to ensure that the permit remains in good standing. If you are no longer interested in pursuing the project, then please contact this office within 30 days to let us know.

I'm enclosing a publication titled, "Frequently Asked Questions – Water Rights in Washington" which discusses the process to obtain a water right. If you have any questions, please feel free to contact me at (360) 407-6066 or by e-mail at mbee461@ecy.wa.gov.

Sincerely,

Marsha Beery

Dear Mr. Forshaw:

We are currently reviewing water right permit #G2-28622 issued to you with a priority date of September 8, 1992 (see enclosed copy of permit).

In the last contact we had with you on this, the water right permit was at the Proof of Appropriation phase which means we were trying to determine the amount of water used prior to issuing a Certificate of Water Right. A water right certificate can only be issued based on full beneficial use of the water as allowed in the permit. Department of Ecology
P.O. Box 47775
Olympia, WA, 98504

Please be aware that if and when you file your *Proof of Appropriation*, you will be required to document the actual beneficial use of your water. To quantify this use, meter records are preferred. The Department may require you to collect water measurement data before issuing a water right certificate.

If you have not fully developed your project, then you will need to request an extension of time to complete it. Your request must be in writing and include the following information:

- A description of the efforts you have made to put the water to full use and what remains to be done.
- A schedule for fully developing the project.
- Reasons why the project has not been fully developed.
- Any additional information that will assist us in evaluating your request for an extension.
- A fee of \$50.00.

Dear Mr. and Mrs. Forshaw:

Re: Water Right Permit No. **G2-28622 – FINAL NOTICE**

In reviewing your file, I noticed we have not received your Proof of Appropriation form. A previous reminder letter was sent on **October 13, 2005**, to which there was no response. This letter is to remind you that the development schedule of your water right permit required that water be put to beneficial use and the Proof of Appropriation form be submitted by **March 1, 2005**.

There are a number of possible steps you may need to take in order to bring your permit back into good standing, depending on the status of your project. Please refer to the following chart:

If this is the case:	You need to do this within thirty (30) days of the date of this letter:
You have put the water to full beneficial use .	Complete and submit the Proof of Appropriation form. The form must be <u>notarized</u> , and include the parcel number for the point of withdrawal/diversion. Please include evidence that shows you have installed an approved measuring device, as well as any metering data that you have collected on the above-referenced water.
You need more time to put the water to beneficial use.	1. Submit a written request for an extension (refer to enclosed fact sheet for instructions). 2. Submit extension fee (\$50.00).
You no longer intend to develop your project.	Notify Ecology's Southwest Regional office in writing.
You need more information.	Contact our office at (360) 407-6300.

If we do not hear from you within sixty (60) days of the date of this letter, your permit will be in jeopardy of cancellation without further notice.

S

If you have any questions, please contact me at (360) 407-6918 or at abro461@ecy.wa.gov.
Thank you for your attention to this matter.

Sincerely,

Abby Brown

Dear Teresa Hanson,

Please find enclosed the \$20.00 to extend permit # G2-28622 until March 1, 2005. The water system has not been to full use as of today. I will be sending a Proof of Appropriation or a statement to develop the last piece of property within the next five years from the last lot owner. Thank you for your help in this matter.

Sincerely,

A handwritten signature in cursive script, reading "Lorie Forshaw". The signature is written in dark ink and is positioned above the printed name and title.

Dear Mr. Forshaw:

Re: Water Permit No. G2-28622

We sent a letter on **October 9, 2003**, reminding you of the need to file a Proof of Appropriation form or request an extension of time to put the water to full beneficial use on this project. Full beneficial use means the project is at full build out, all the water is in use, and the provisions of the permit have been met.

If you are using the full amount of water shown on your permit, please fill out the enclosed Proof of Appropriation form, have it notarized, and return it to this office. **The statutory recording fees are to be sent in as two separate remittances in the form of checks or money orders. Cash will NOT be accepted. Send both remittances to the Department of Ecology. Do not send the Proof of Appropriation form or fees if the water has not been put to full beneficial use.**

\$5.00 payable to the Department of Ecology
AND
\$21.00 payable to the Clallam County Auditor

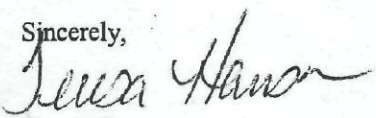

Also, the County Auditor is requiring that we have the parcel number(s) for the point of withdrawal/diversion and the place of use if different. Please send those numbers to us with your recording fees.

By following the above instruction, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

If more time is required to put the water to full use, you should request an extension of time in writing. By statute, a **\$5.00 fee per year must accompany such a request, together with a showing of good cause why your extension should be granted and a report of progress made during the last year.** If an extension is needed, please send **\$20.00** payable to the Department of Ecology along with your request to extend your file until **March 1, 2005.**

If we do not hear from you within **sixty (60) days** from the receipt of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation. If you have questions or concerns about this information, please call me Sheri Carroll at (360) 407-0240 or myself at (360) 407-0270. Thank you for your attention to this matter.

Sincerely,

Dear Mr. Forshaw:

Re: Water Right Permit #G2-28622

Under the development schedule for the above-referenced water right permit, water was to be put to full beneficial use by March 1, 2001. A reminder letter was sent to you on March 7, 2002, asking that you file Proof of Appropriation or request an extension of the permit. However, we have not received a response.

I understand that water is in use for at least 7 of the 8 proposed homes under this permit. If you are now serving 8 homes or if the eighth connection is no longer intended, you should complete the enclosed Proof of Appropriation form, have it notarized, and mail it to our office.

The statutory recording fees should be sent as two separate remittances in the form of checks or money orders: \$5.00 payable to the Department of Ecology and \$21.00 payable to the Clallam County Auditor. Cash will not be accepted. Please send both remittances to the Department of Ecology.

The County Auditor also requires parcel numbers for the well location and the place of use (if different). Please send those numbers with your recording fees.

If the eighth connection on your water system is still intended but not yet active, please send a letter requesting an extension of your permit. The letter should explain the status of the project and include an estimate of when the last connection will go in. Extensions may be granted at the statutory rate of \$5.00 per year (from March 1, 2001). A fee of \$15.00 will extend your permit through March 1, 2004.

If you have any questions concerning this letter, please call me at (360) 407-0279.

Sincerely,

Marie Peter

Dear Mr. Forshaw:

Re: Ground Water Permit No. G 2-28622

We have received your Notice of Completion of Construction in connection with the above referenced permit.

Enclosed is a Proof of Appropriation form which is to be filed when the water has actually been put to full beneficial use. This form is not to be filed until the water has been put to full use. If you cannot put the water to full beneficial use by, March 1, 2001 you must contact this office.

The fees for filing and recording your final certificate of water right are: (Cash will NOT be accepted)

\$5.00 payable to the Department of Ecology

\$8.00 payable to the *Clark* County Auditor

Please send two remittances and the completed Proof of Appropriation form (with notarized signature) to this office.

Sincerely,

Sheri Carroll

Dear Mr. Forshaw:

Re: Water Permit No. G2-28622

While checking the progress of your water rights, I noticed that you have not sent in the Proof of Appropriation Form.

If you are using the full amount of water shown on your permit, please fill out the enclosed Proof of Appropriation form, have it notarized, and return it to this office. The statutory recording fees are to be sent in as two separate remittances in the form of checks or money orders. Cash will NOT be accepted. Send both remittances to the Department of Ecology.

\$5.00 payable to the Department of Ecology

AND

\$9.00 payable to the Clallam County Auditor

Also, the County Auditor is requiring that we have the parcel number(s) for the point of withdrawal/diversion and the place of use if different. Please send those numbers to us with your recording fees.

By following the above instruction, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

In addition, one of the provisions of the permit is that a metering device be installed and that meter readings be recorded at least monthly. Please include meter readings for a least the past year with the completed Proof of Appropriation form.

If more time is required to put the water to full use, you should request an extension of time in writing. By statute, a \$5.00 fee per year must accompany such a request, together with a showing of good cause why your extension should be granted and a report of progress made during the last year. The Proof of Appropriation for your water right permit was due on **March 1, 2001**, if an extension is needed, please send \$10.00 payable to the Department of Ecology along with your request to extend your file until **March 1, 2003**.

If we do not hear from you within **thirty (30) days** from the date of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation.

If you have any questions or concerns about any of this information, please contact Tina Russell at (360) 407-6918 or myself at (360) 407-0270.
